

12<sup>th</sup> March 2021

Dear Parent / Carer,

This week saw the return of all pupils to St Thomas More. It has been a delight to see the children back in school, laughing and smiling as they catch up with each other, and returning to learning in the classroom.

Our priority over the next couple of weeks is to welcome the pupils, further check their health and well-being, and remedy gaps in their knowledge so that curriculum content is secure.

I want to thank our amazing parents and carers for responding so positively to our Covid-secure measures. 99.6% of parents also consented to Covid testing. This is a monumental figure and I sincerely thank you for supporting the school and the wider community. At the heart of any decision we make, is our aim to do what is right and what will help to keep people safe. Your support in this endeavour is truly appreciated.

Attendance for all year groups has been good, with 97% attendance across the school this week. We are pleased that parents feel confident with our safety measures and are thrilled to see the children in person, instead of a screen.

Have a good weekend and stay safe.

Yours sincerely,

Mr D Redfern  
Headteacher
