

March 2017

Dear Parents,

Following the initial 'long list' choices requested by our year 9 students, as promised, we are able to offer a system that satisfies the vast majority of pupils' requirements within the constraints of policies, timetable, rooms and available staffing. The three blocks have been generated by the initial long list exercise.

To remind you, the curriculum is made up of 'The Core' subjects and three additional option subjects. (See options pack for details.) It is now time to choose the **THREE** additional option subjects.

As mentioned previously, every student must choose at least one subject from the shaded boxes.

The subjects below represent the choices available, with each column showing the subjects that will be taught at the same time. Please circle **one** subject from **each** column.

Whilst we are unable to make changes to the option system, please do not hesitate to contact the school if you require any further information or advice.

Yours faithfully, *Mr B Hickey*
Headteacher
